

The Right Fit For You.®

SDC's expert IRT team understands the importance of a seamless technology solution for randomization and inventory management. We will work with you to identify your specific needs and implement a customized IRT solution that is The Right Fit For You.

Integrated IRT Solution

- › Randomization for single or multi-arm, centralized or multi-stratification
- › Automated Inventory Management including trigger-based resupply
- › Comprehensive Field Level Blinding with blinded and unblinded reporting
- › Email Notifications for applicable end users
- › Fully Integrated EDC/IRT System for seamless randomization, subject enrollment, and inventory management with single user login

Optional Features

- › Dynamic Randomization for adaptive trial designs
- › Predictive Resupply for automation of inventory shipments based on upcoming subject visits
- › Drug Expiration Management to prevent counting, shipping, or assigning expired product
- › Restricted and Forced Randomization based on available inventory

9 out of 10 Average Customer Satisfaction Score

98% On-time Delivery of Key Project Milestones

300+ Clinical Trials Supported since 2005

The Right Fit For You.®

SDC is a specialized data services CRO providing scalable full-service clinical trial solutions via our diverse and complementary strategic partnerships. From protocol consulting to full-service clinical trial management and everything in between, SDC is The Right Fit For You.
